***The “ZIP Code,” a unique code assigned to a specific geographic area by the U.S. Postal Service, for the patient’s usual residence shall be reported for each patient discharge. Foreign residents shall be reported as “YYYYY” and unknown ZIP Codes shall be reported as “XXXXX.” If the city of residence is known, but not the street address, report the first three digits of the ZIP Code, and the last two digits as zeros. Hospitals shall distinguish the “homeless” (patients who lack a residence) from other patients lacking a numeric ZIP Code of residence by reporting the ZIP Code of homeless patients as “ZZZZZ.” If the patient has a 9-digit ZIP Code, only the first five digits shall be reported.***
